

## Edison High School Choir Sponsorship

The Edison High School Choir has suffered alongside many local groups and businesses during the course of the Coronavirus pandemic. It has become a continued challenge to generate additional support for our students to participate in a national choir competition this spring, but we will find a way to do so! Competitions provide a positive fun experience, establish an attitude of accomplishment, and instill in each student that music is an essential part of their education.

Our students have been developing their vocal skills and talents through learning challenging musical selections, as well as singing in other languages. We believe their dedication and hard work will lead them to a success in the 2021-2022 season.

The expenses for this year's competition are unknown at this time. Your sponsorship will benefit the students by helping to offset the costs of any physical or virtual support needed to practice for and attend the competition; including competition registration fees, set up for safe, socially distant practices or use of venue, filming, recording, etc. Please join us in helping to fulfill their goals and dreams of participating in this year's competition!
